

## Tribute to Les and Yvonne – from Jan and Brian Johnstone

Thanks so much for the information about the memorial service, and especially the reference for the videos. I have really enjoyed watching them, especially as we saw so little of them in later years and just kept up to date through Christmas letters. They brought back many memories – their wedding, which I always remembered was on St. Patrick's Day, the hats we wore, Pam & Yvonne's parents who we knew well, and also Russell who went through the Sunday School and Boys Brigade in Roebuck Rd, their campervan which we never saw completely finished. Les was so clever with his hands, and he once built a horizontal bar, Olympic quality, for my husband Brian, who was a gymnast in his younger days. Brian installed it in his backyard where it got lots of use by his YMCA friends, and was sometimes taken on the road for displays. It was later donated to the YM when we left Gisborne.

Thank you again for the memories of so many years ago. God bless.

Warm regards,

Jan and Brian Johnstone
